SUMMARY

Detail-oriented Data Analyst in **PWC** with expertise in data visualization, analytics, and business intelligence. Proficient in creating interactive dashboards using Power BI and Tableau, with strong skills in SQL, Python, data modeling, and Power Query. Adept at transforming complex datasets into actionable insights to drive strategic decision-making and improve business processes. Passionate about leveraging data to solve real-world problems in dynamic environments.

EXPERIENCE

Data Analyst

PwC

📅 08/2023 - 10/2024 📍 Hyderabad, India

Developed a comprehensive data analytics project using SQL and Power BI, demonstrating expertise in data manipulation, analysis, and visualization.

- Imported and cleaned raw datasets using SQL, performing operations such as filtering, aggregating, and joining tables to ensure data quality.
- Designed and executed optimized SQL queries to address business questions related to sales trends, customer segmentation, and operational performance.
- Created interactive Power BI dashboards showcasing KPIs, visual trends, and actionable insights tailored for stakeholders.

AWS Solution Architect - Internship

PwC

📅 03/2023 - 08/2023 📍 Hyderabad, India

Leverage hands-on experience with AWS services and data workflows from a PwC internship to deliver scalable, cloud-based solutions.

- Optimized storage and retrieval processes in **Amazon S3** and **DynamoDB** to enhance system performance.
- Designed and deployed serverless applications with **AWS Lambda**, reducing operational overhead.

EDUCATION

B.Tech - Electronics and Communication Engineering.

Gayatri Vidya Parishad College of Engineering

📅 08/2019 - 05/2023 📍 Visakhapatnam, Andhra Pradesh

Board of Intermediate

Narayana Junior College

📅 2017 - 2019 📍 Visakhapatnam, Andhra Pradesh
